

**INJURED
WORKERS
ARE NOT
DISPOSABLE!**

**WORKERS'
PROTECTION
COALITION**

**TO MEMBERS OF THE NEW YORK
STATE WORKERS' COMP BOARD:**

I request that you **withdraw your heartless and anti-worker proposals which would fully eliminate injury payments** for dozens of arm and leg injuries and cut payments for many other common injuries and establish mandatory visits by company doctors, who would be given the authority to recommend suspending benefits and care to injured workers.

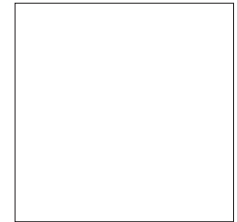

Your proposed guidelines would cut costs for business on the backs of New York's workers. As Trump dismantles worker protections all across the country, we expect New York to set the standard for dignity and justice for all workers.

Sincerely,

Name: _____

Address: _____

City/State/Zip: _____
