If you're unable to work due to a physical or mental injury or illness, our Social Security Disability lawyers are here to help. Navigating the process for Social Security Disability Benefits can be complex, but we'll guide you every step of the way.

At **McIntyre, Donohue, Accardi, Salmonson, & Riordan, LLP**, we've helped thousands of disabled individuals secure the benefits they deserve. With offices across New York, our attorneys handle everything from initial claims to appealing denied applications.

# NYCERS Disability Pensions

Our Municipal Disability Pension Attorneys are here to guide you through the complex process of applying for disability benefits. New York State, New York City, and local municipalities offer disability retirement benefits to public employees unable to work due to illness or injury. However, submitting a poorly prepared or incomplete application significantly increases the risk of denial.

The New York retirement system requires detailed medical evidence and thorough documentation—simply submitting an application won't suffice.

At **McIntyre, Donohue, Accardi, Salmonson, & Riordan, LLP**, our experienced attorneys specialize in disability pension systems. Starting with the right legal guidance ensures the best chance of success and helps you avoid common pitfalls.

**Let us help you secure the  
benefits you deserve.**
